CAFOD We have been asked once again to sign a petition to call on the Prime minister to tackle the global debt crisis. Low income countries are being pushed into a deepening debt crisis, forced to pay ever higher interest rates to wealthy lenders. Money that should be spent on food, health care and education is flowing out of countries that can least afford it. When debt repayment takes priority over essential services the poorest suffer the most, especially in countries such as South Sudan where almost 10 million people require humanitarian and protection assistance. Please lend your support by signing the petition at the back of church today. Thank you
